01 **Q1 FY03/2024 Consolidated Financial Results**

Historical Financial Results and FY03/24 Guidance

Expect to achieve growth in both sales and profits for the 20th consecutive year since our establishment.

Trends in net sales and ordinary income

FY03/24 Consolidated Financial Results (Q1)

- Achieved YoY growth in both sales and profits.
- Marked steady progress toward the FY03/24 guidance.

Q1 FY03/24 [JPY million]

	Q1 FY03/23 Actual	Q1 FY03/24 Actual	YoY Change
Net Sales	12,517	15,194	+21%
Operating Income	3,086	3,729	+21%
Ordinary Income	4,046	4,609	+14%
Net Income	2,975	3,389	+14%

FY03/24 Career Segment (Q1)

- Grew significantly with a high demand from business operators to hire professionals.
- Marked steady progress toward the FY03/24 guidance and will hire more career partners ahead of originally planned.

Sales, Q1 FY03/24 [JPY million]

	Q1 FY03/23 Actual	Q1 FY03/24 Actual	YoY Change
Elderly Care Career	3,556	4,608	+30%
Medical Care Career	5,222	6,205	+19%
Total	8,778	10,813	+23%

FY03/24 Elderly Care Operators Segment (Kaipoke, Q1)

- The number of Kaipoke memberships increased steadily.
 - 46,300 service offices (27,050 locations)*1 as of July 1, 2023.
 - Q1 membership increase: 1,100 service offices (600 locations)
- Sales of optional add-ons such as additional tablets and smartphones increased.

Sales, Q1 FY03/24 [JPY million]

	Q1 FY03/23 Actual	Q1 FY03/24 Actual	YoY Change
Elderly Care Operators (Kaipoke)	1,977	2,277	+15%

1. # of service offices: the number of elderly care services/welfare services for persons with disabilities provided based on the public insurance scheme

of locations: the number of service office locations

e.g. When an operator provides two types of elderly care services, home care support service and home-visit elderly care, at one specific address, the number of locations is counted as one and the number of service offices is counted as two. Kaipoke's subscription fee is charged per membership location. Normally, the number of locations is smaller than the number of service offices.

FY03/24 Overseas Segment (Q1*1)

- **Medical Platform Business** grew steadily owing to a strong demand for digital services such as online events and eDMs*², along with the recovery in the use of non-digital services.
- **Global Career Business** grew significantly due to the increase in the number of HCP*³ introductions in the countries where we have already operated, as well as the contribution of CWC/CF (Germany), which we acquired in December 2022.

Sales, Q1 FY03/24 [JPY million]

	Q1 FY03/23 Actual	Q1 FY03/24 Actual	YoY Change
Overseas	1,290	1,511	+17%

1. Income statement of MIMS group is consolidated with a three-month delay and the Q1 results are for January to March. (Please refer to p.80)

2. Electronic direct mails

3. Healthcare professionals

Mission and Strategy

Mission

Group Mission

**We aim to improve people's quality of life
by providing information infrastructure
for an aging society.**

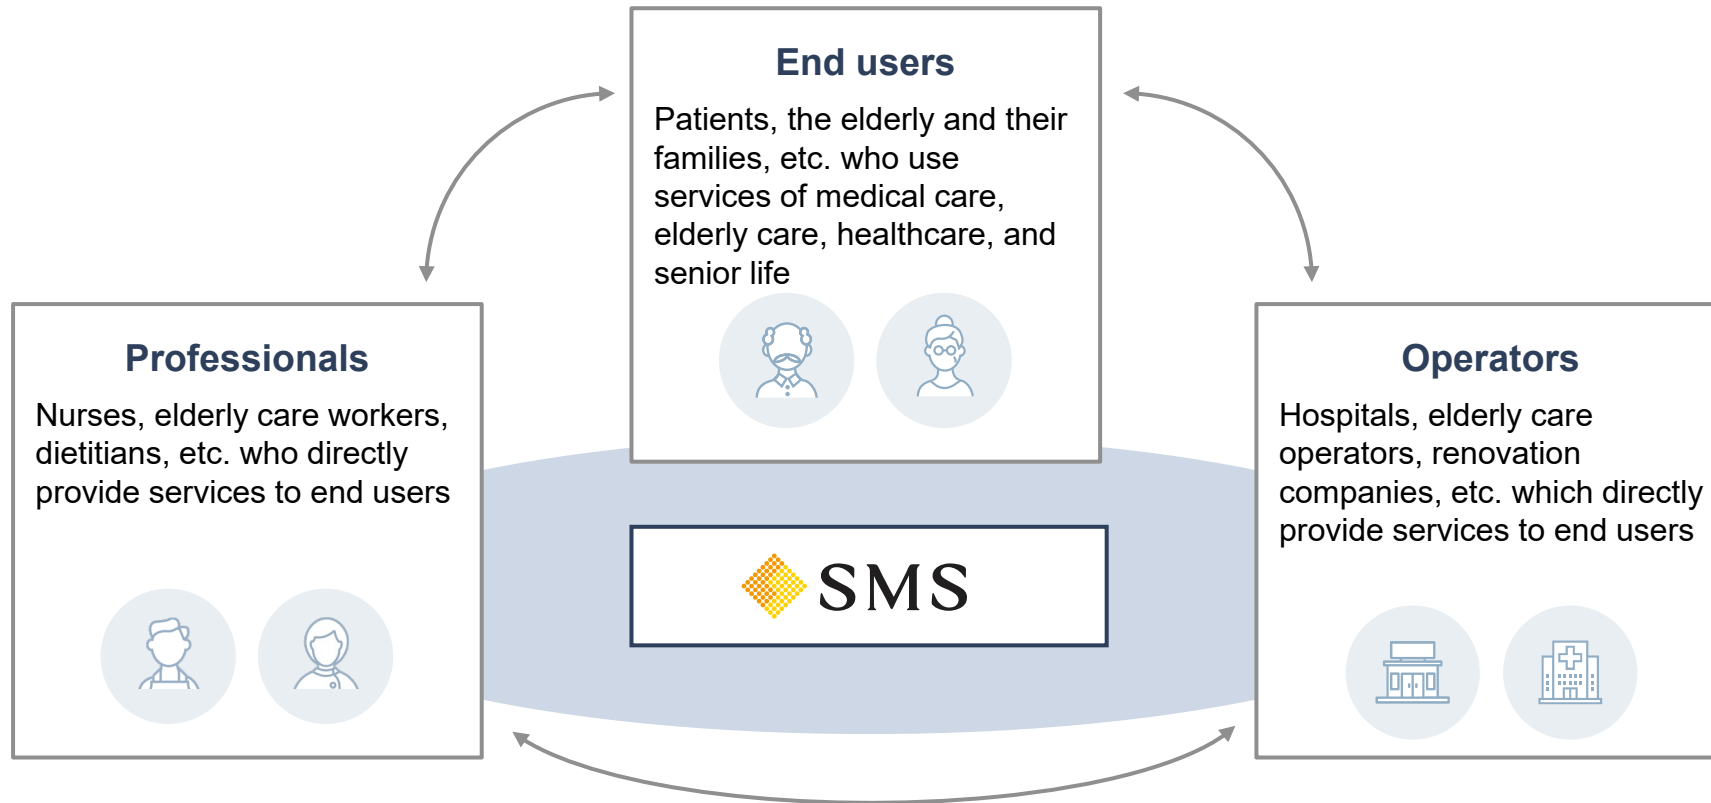

Aging Society

Define our business domains in an aging society as **Medical Care**, **Elderly Care**, **Healthcare**, and **Senior Life**.

Information Infrastructure

Define information infrastructure as a platform to connect those to whom we provide value: end users such as patients, the elderly and their families; professionals such as nurses and elderly care workers; and business operators such as hospitals and elderly care operators.

Business Areas

- Set our business areas based on the four domains required for an aging society and the three stakeholders to whom we provide value.
- Build the information infrastructure by developing and nurturing businesses in each business area.

	Healthcare 	Medical Care 	Elderly Care 	Senior Life 
Professionals 				
Operators 	Business Areas			
End users 				

Issues in an Aging Society and Our Solutions

An Unprecedented Era of Low Birth Rate, Aging and Population Decline

- We are facing rapid aging and population decline simultaneously in Japan.
- The aging rate is expected reach approximately 35% by 2040 when the elderly population approaches its peak.
- The working-age population is declining, and its ratio will drop to nearly 55% by 2040.

Population trends in Japan*1

1. MIC "Census", "Population estimates", National Institute of Population and Social Security Research "2023 Estimated future population of Japan"

Three Critical Issues Faced by an Aging Society

- We are facing three critical social issues in an aging society with the low birth rate, aging and population decline.
- Need to solve these issues in order to improve people's quality of life in an aging society.

Issue 1	Difficulty in sustaining high-quality medical care and elderly care services
Issue 2	More severe burden on the working generation
Issue 3	Difficulty in solving problems related to living in an aging society

Issue 1: Difficulty in sustaining high-quality medical care and elderly care services

While the demand for medical care and elderly care services is increasing due to the population aging, a growing shortage of medical care and elderly care professionals is making it difficult to sustain high-quality medical care and elderly care services.

1. Cabinet Secretariat, CAO, MOF, MHLW, "Future outlook for social security in 2040"
 2. MHLW, "Subcommittee on supply and demand of nursing staff, study group on supply and demand of medical care workers"
 3. MHLW, "Required number of elderly care staff based on the 8th plan for long-term care insurance"

Issue 2: More severe burden on the working generation

The burden on the working generation will become more serious due to the increasing social security expenses for pensions, medical care, and elderly care, as well as the declining working-age population who cover these expenses.

1. MHLW, "Trends in Social Security Benefits", Cabinet Secretariat, CAO, MOF, MHLW, "Future outlook for social security in 2040"

2. MIC "Census", "Population estimates", National Institute of Population and Social Security Research "2023 Estimated future population of Japan"

Issue 3: Difficulty in solving problems related to living in an aging society

- While services required in society are changing and expanding with the population aging, information related to living in an aging society is insufficient in terms of quality and quantity, and the future labor shortage will result in an inability to adequately supply such services.
- The elderly and their families will have difficulties in solving life-related problems in an aging society.

1. MIC "Census", "Population estimates", National Institute of Population and Social Security Research "2023 Estimated future population of Japan"

Our Solutions for Issues in an Aging Society

Address the social issues in an aging society by establishing specific solutions targeting each social issue and building information infrastructure.

Strategic Business Areas

Aim to solve the three critical issues in an aging society by defining our strategic business areas as Career, Elderly Care Operators, Healthcare, and Senior Life, and by strategically developing and nurturing businesses to address the issues.

	Healthcare 	Medical Care 	Elderly Care 	Senior Life 
Professionals 	Healthcare Business Issue 2	Career Business Issue 1		Senior Life Business Issue 3
Operators 		Elderly Care Operators Business Issue 1		
End users 				

Realization of the Group Mission

Contribute to improving people's quality of life in an aging society by building information infrastructure and providing value to end users, professionals, and operators.

Growth Track

Location

- Started our business in Japan in 2003 and have accelerated our overseas expansion since the acquisition of MIMS group in 2015.
- Have offices in 18 countries and regions, mainly in Japan and APAC.

Business Portfolio

- Medical Care Career has been driving our growth since our establishment.
- Elderly Care Career, Kaipoke and Overseas business are growing as the new pillars of our business portfolio.

Business Areas

- **Career Business – Medical Care Career**
 - Recruiting service for medical care professionals
- **Career Business – Elderly Care Career**
 - Recruiting service for elderly care professionals
- **Kaipoke**
 - Management support platform for elderly care operators
- **Overseas Business**
 - Marketing support service for medical-related companies
 - Clinical decision support
 - Domestic/cross-border recruiting service of HCPs*¹
- **New Business**
 - Developing new businesses mainly in Healthcare and Senior Life domains

Breakdown of Net Sales

(in JPY billions)

1. Healthcare professionals

Growth Scenario

- On top of the solid expansion of Career Business, we accelerate the growth of Kaipoke and Overseas Business.
- Actively develop new businesses, mainly in healthcare and senior life domains, to create next pillars of our businesses, which will further drive our long-term growth.

Career Strategy

Issue 1: Difficulty in sustaining high-quality medical care and elderly care services (Repost)

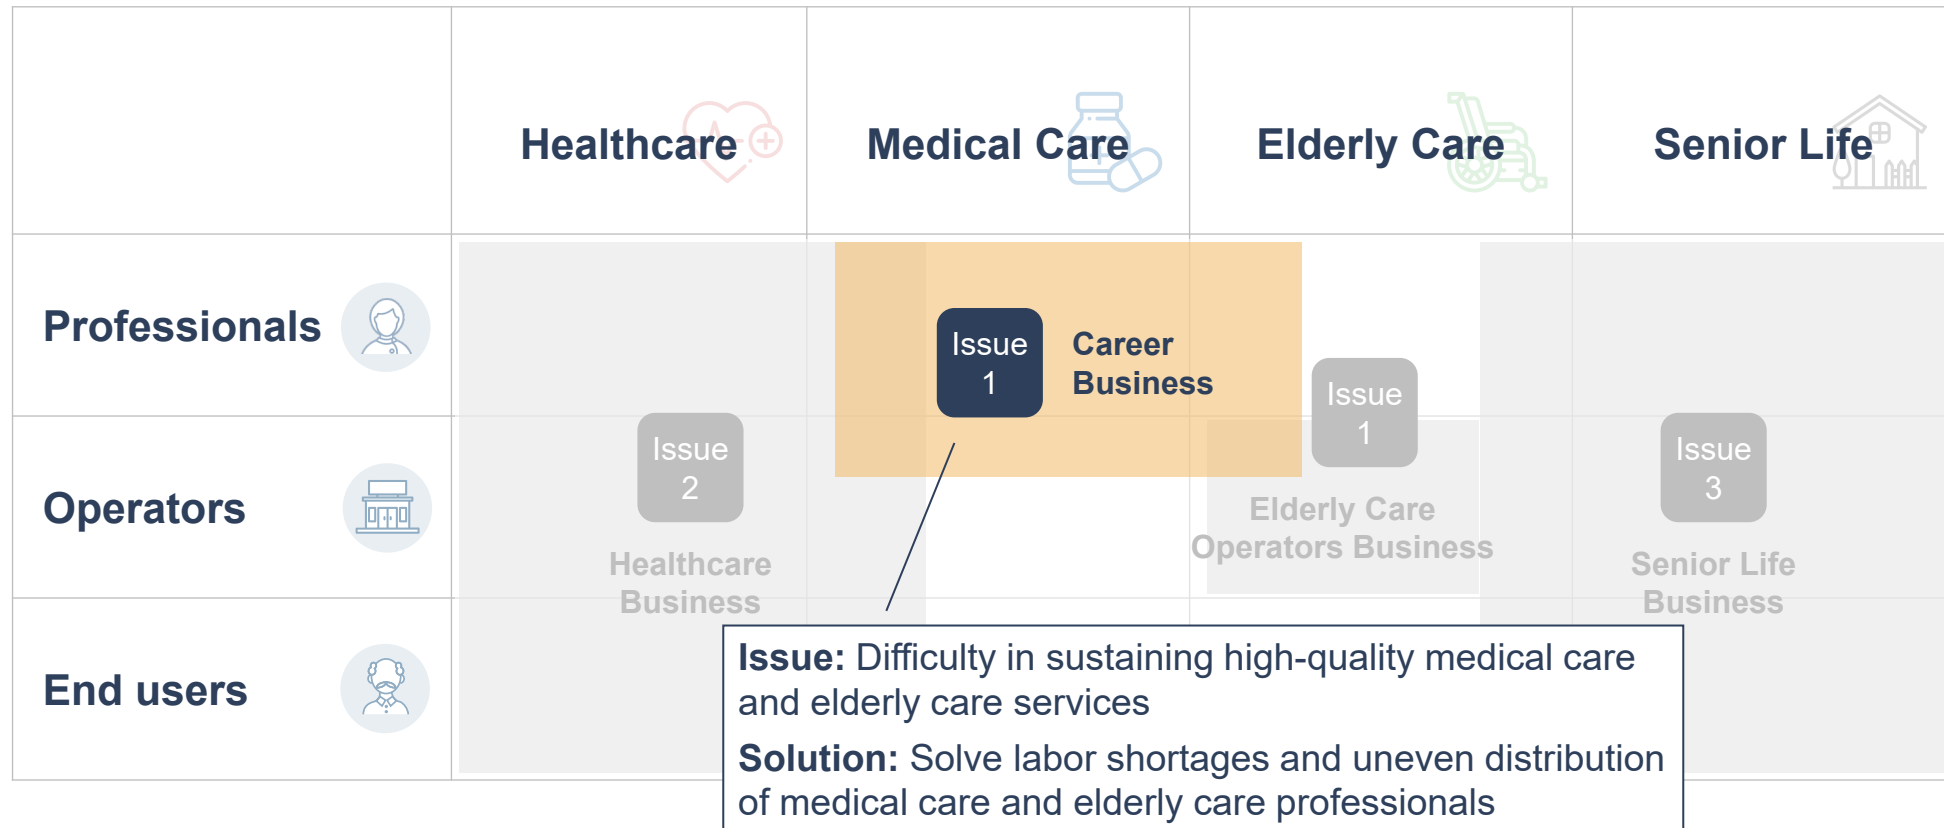

While the demand for medical care and elderly care services is increasing due to the population aging, a growing shortage of medical care and elderly care professionals is making it difficult to sustain high-quality medical care and elderly care services.

1. Cabinet Secretariat, CAO, MOF, MHLW, "Future outlook for social security in 2040"
 2. MHLW, "Subcommittee on supply and demand of nursing staff, study group on supply and demand of medical care workers"
 3. MHLW, "Required number of elderly care staff based on the 8th plan for long-term care insurance"

Solution for Issue 1 in Career Business

Contribute to solving the social issue “difficulty in sustaining high-quality medical care and elderly care services” by solving labor shortages and uneven workforce distribution through optimized matching of professionals and operators.

Shortage of Professionals

- Labor shortage continues to be a serious issue despite the increasing numbers of nurses and elderly care workers.
- The labor shortage of care workers is particularly severe, with a projected shortage of 650,000 professionals in 2040.

Number of nurses / their turnover rate*1

Number of care workers / their turnover rate*2

Jobs-to-applicants ratio of nurses*3

Jobs-to-applicants ratio of care workers*3

1. Number of nurses/their turnover rate: Japanese Nursing Association "Nursing Statistics", Number of nurses: MHLW, "Subcommittee on supply and demand of nursing staff, study group on supply and demand of medical care workers"
 2. Number of elderly care workers: MHLW, "Required number of elderly care staff based on the 8th plan for long-term care insurance", Turnover rate: Care Work Foundation "Care Work Survey"
 3. MHLW, "Employment referrals for general workers"

Mission of Career Business

We aim to contribute to sustaining high-quality medical care and elderly care services by solving labor shortages and uneven workforce distribution.

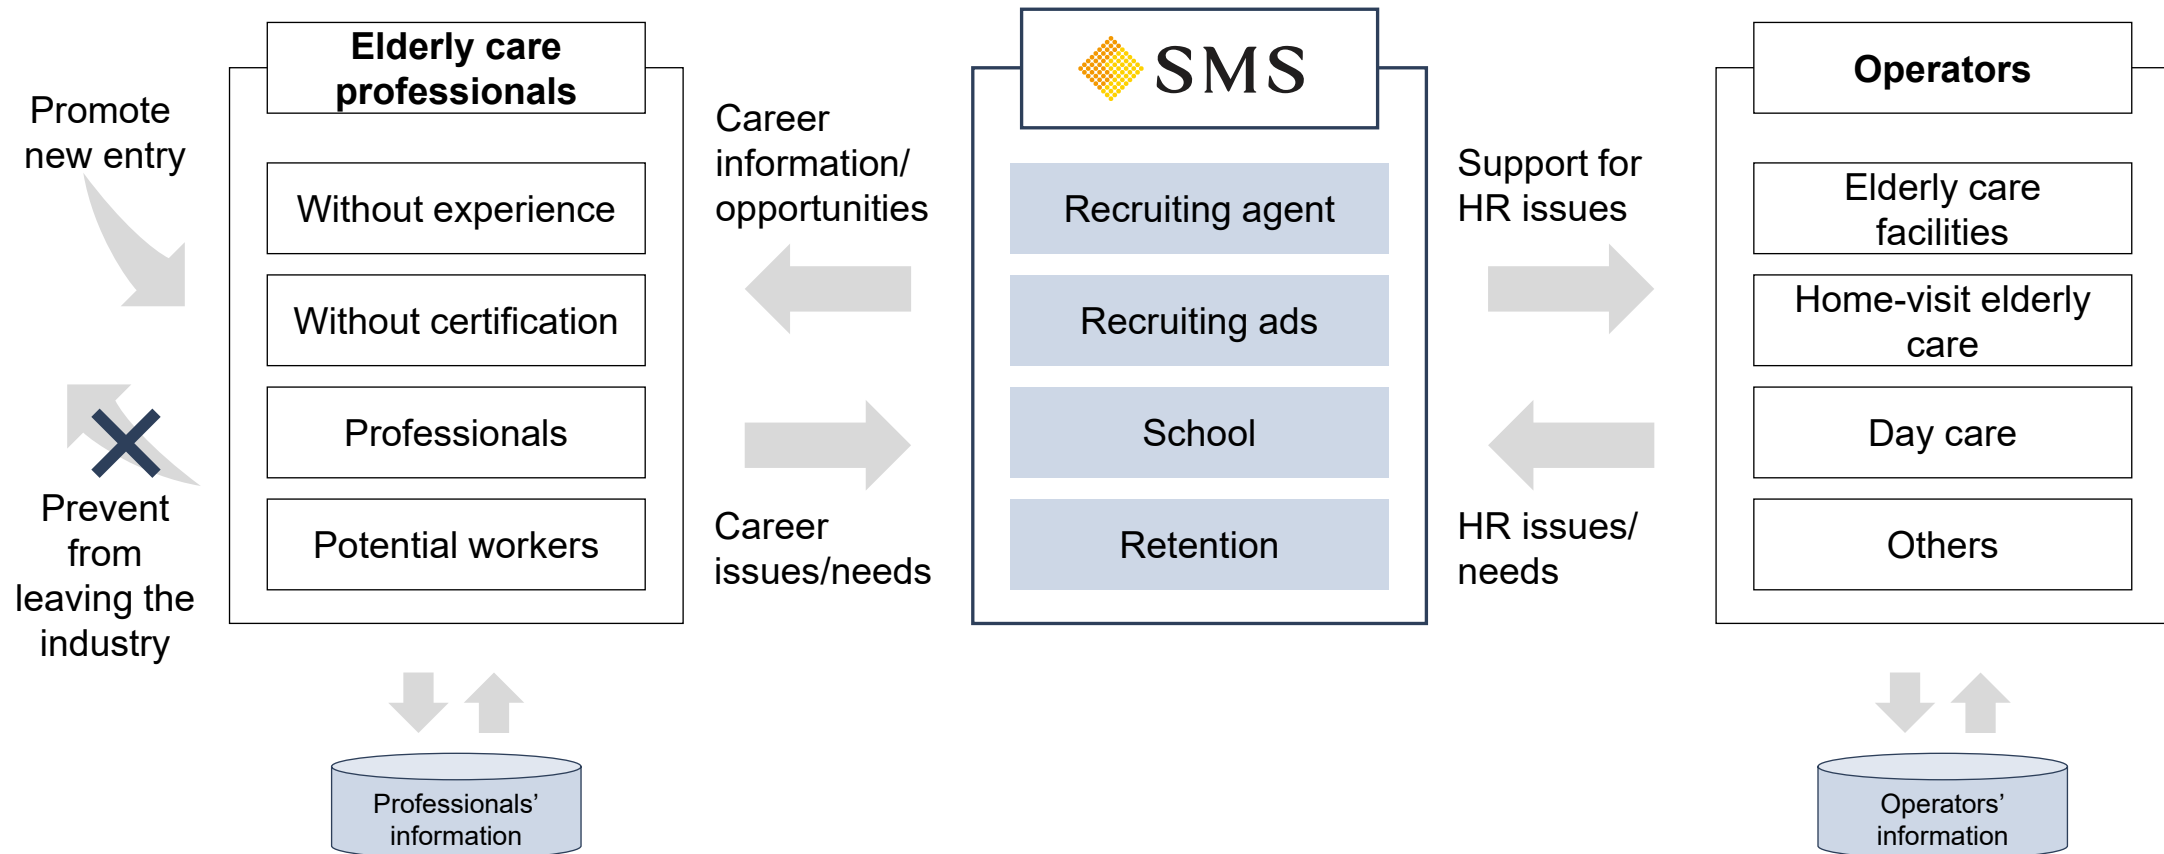

Strategy of Medical Care Career

- Provide various supports for professionals in pursuing their ideal careers throughout their professional lives, including supports in: finding/changing jobs, returning to work, and developing their careers.
- Promote optimal matching between professionals and operators in order to solve uneven workforce distribution among medical functions and regions.

Strategy of Elderly Care Career

- Promote new entry from outside the industry through helping new entrants obtain a qualification and find a good job at a good operator.
- Prevent turnover to outside the industry through enhancing working environments of operators and optimizing matching between professionals and operators.

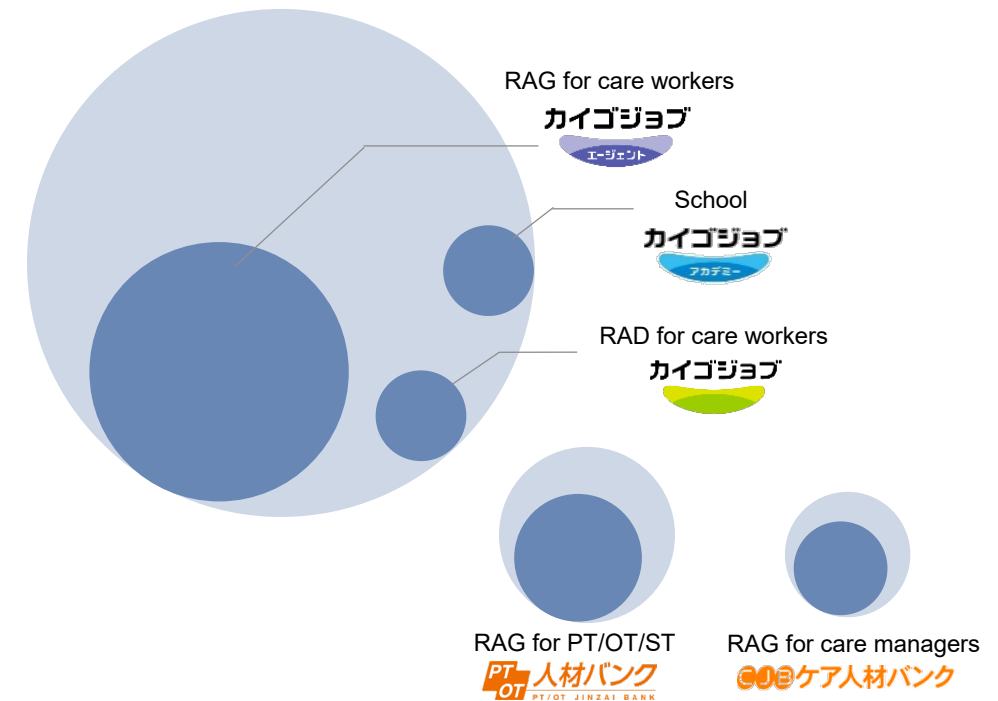

Growth Scenario

- The Career Segment has huge growth opportunities.
- In addition to the market share expansion of existing services such as RAG*1 for nurses, services for elderly care workers with serious labor shortages and services for newly-covered occupations such as childcare workers drive the growth.

Sales of Medical Care Career: JPY 14.6 billion*2*3

Sales of Elderly Care Career: JPY 12.7 billion*3

1. RAG: Recruiting Agent service RAD: Recruiting Ads service
 2. Career businesses for doctors and pharmacists are operated by M3 Career, Inc., a JV between M3, Inc.(51%) and SMS (49%).
 3. Sales for FY03/23

Elderly Care Operators (Kaipoke) Strategy

Issue 1: Difficulty in sustaining high-quality medical care and elderly care services (Repost)

While the demand for medical care and elderly care services is increasing due to the population aging, a growing shortage of medical care and elderly care professionals is making it difficult to sustain high-quality medical care and elderly care services.

1. Cabinet Secretariat, CAO, MOF, MHLW, "Future outlook for social security in 2040"
 2. MHLW, "Subcommittee on supply and demand of nursing staff, study group on supply and demand of medical care workers"
 3. MHLW, "Required number of elderly care staff based on the 8th plan for long-term care insurance"

Solution for Issue 1 in Elderly Care Operators Business

Contribute to solving the social issue “difficulty in sustaining high-quality medical care and elderly care services” by improving the management of elderly care operators through a management support platform “Kaipoke”.

Business Environment of Kaipoke

As the population ages, the number of elderly care operators continues to increase, exceeding 250,000 offices.

The number of elderly care service offices and the elderly population*1 (in thousands)

of elderly care service offices CAGR: approx. 3.5%

Operators that Kaipoke covers*2

- In-home care support
- Home-visit elderly care
- Day care
- Home-visit nursing
- Outpatient rehabilitation etc.

Operators that Kaipoke does not cover*2

- Commuting care for elderly with dementia
- Short stay
- Daily life care for elderly in specific facilities
- Small-sized multifunctional in-home care
- Facilities etc.

1. Number of elderly care service offices: MHLW "Statistics of Long-term Care Benefit Expenditures" (March of each year), The elderly population: MIC "Census", "Population estimates"

2. As of July 2023

Business Environment of Kaipoke

- Approximately 80% of elderly care operators are small corporations with fewer than 50 employees.
- It is difficult for these operators to focus on the care for the elderly due to various operational/management issues such as numerous indirect tasks, including document preparation, insufficient manpower, low purchasing power, and cash-flow issues.

Size of elderly care operators*1

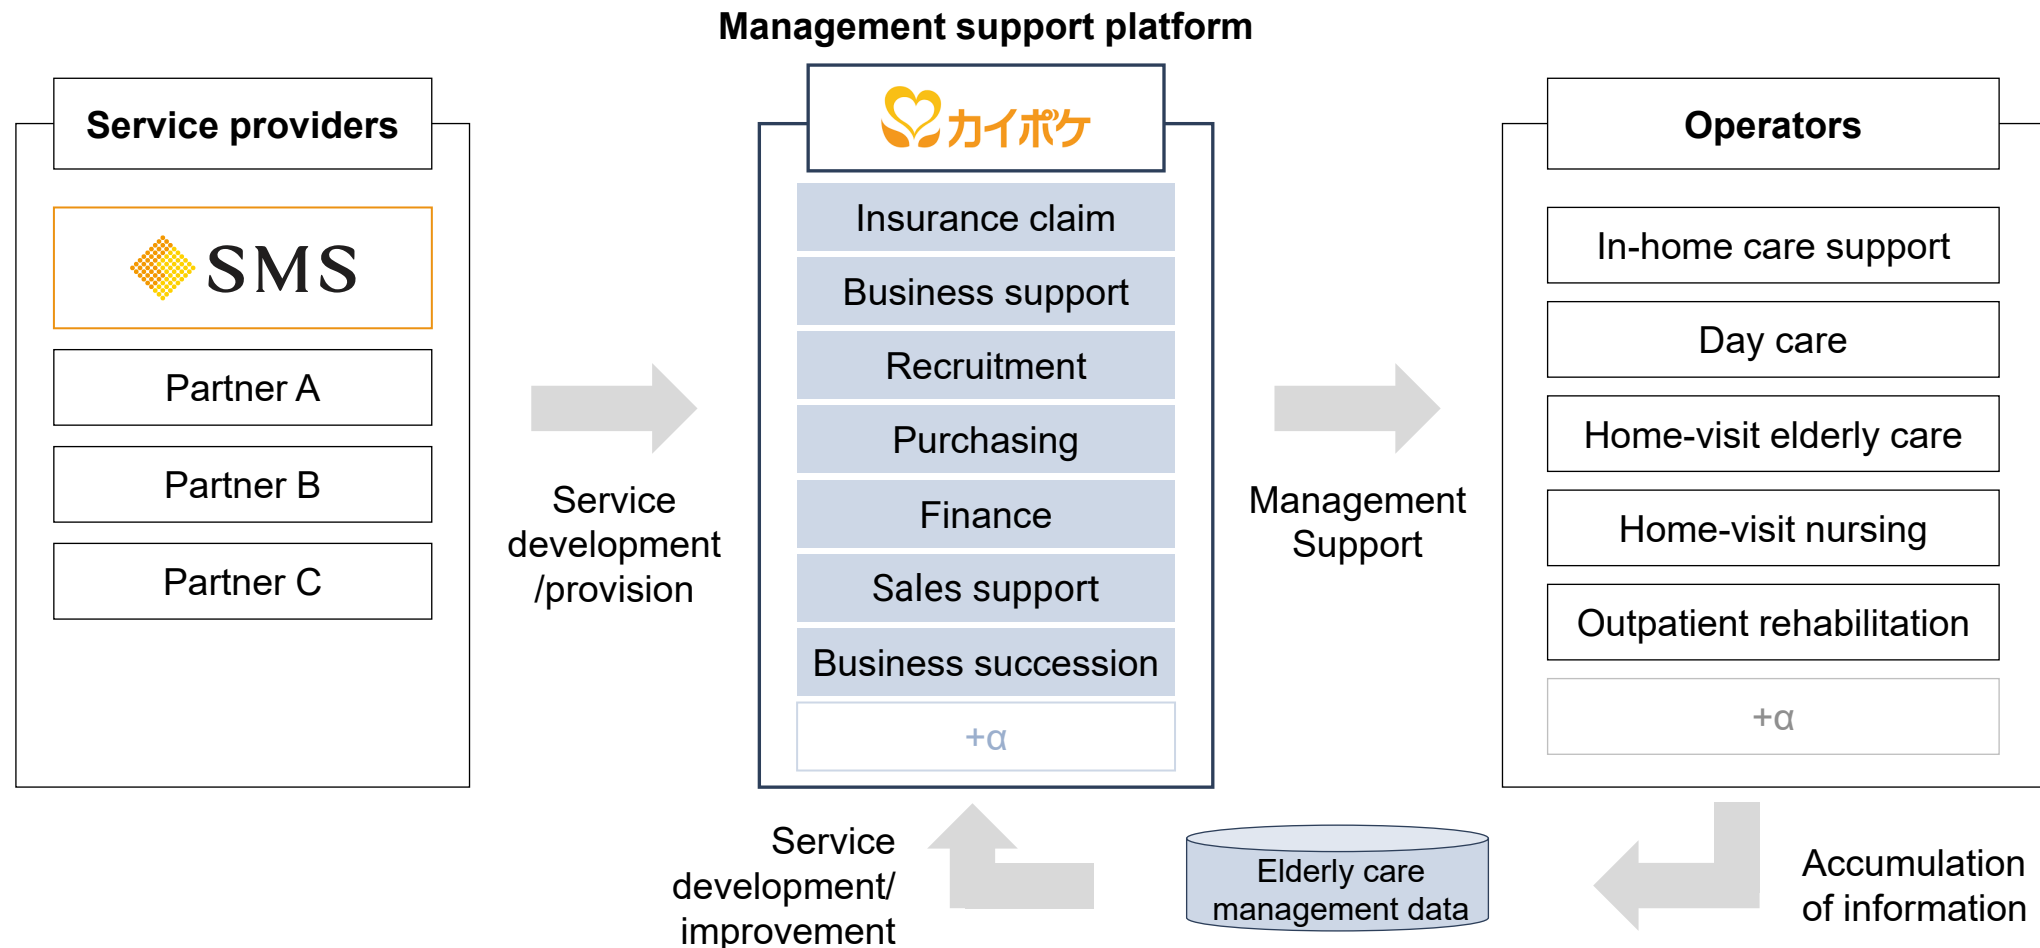

1. Survey by SMS

Mission of Kaipoke

We aim to contribute to sustaining high-quality elderly care services by improving the management and the service quality of elderly care operators.

Management Support Platform

- Kaipoke is a management support platform provided in the form of SaaS, which realizes one-stop support for the management of elderly care operators.
- Offer more than 40 services that support operations, recruitment, purchasing, finance, sales, M&A (Business succession), etc., on top of the insurance claim service that is essential for elderly care operations.

Strategy of Kaipoke

Maximize the value as a management support platform by No. 1 – 5 below.

New Business (Healthcare) Strategy

Issue 2: More severe burden on the working generation (Repost)

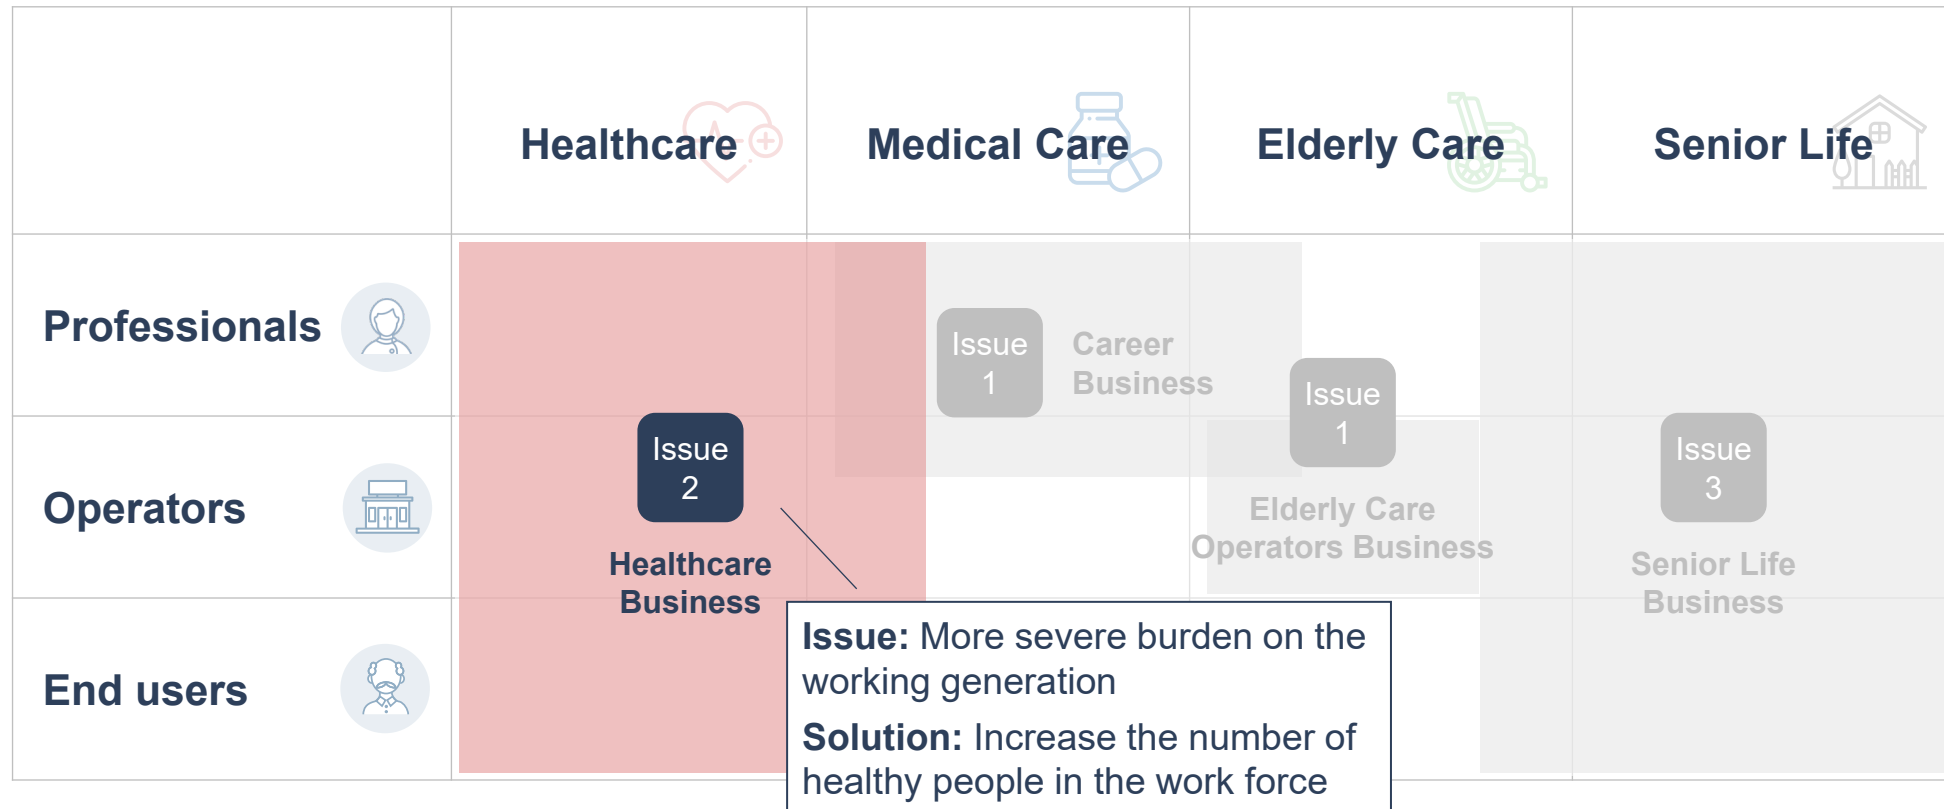

The burden on the working generation will become more serious due to the increasing social security expenses for pensions, medical care, and elderly care, as well as the declining working-age population who cover these expenses.

1. MHLW, "Trends in Social Security Benefits", Cabinet Secretariat, CAO, MOF, MHLW, "Future outlook for social security in 2040"
 2. MIC "Census", "Population estimates", National Institute of Population and Social Security Research "2023 Estimated future population of Japan"

Solution for Issue 2 in Healthcare Business

Contribute to solving the social issue “more severe burden on the working generation” by increasing the number of healthy people in the work force through a platform that supports “health and productivity management” of companies.

Declining QOL*¹ and Productivity Caused by Physical/Mental Disorders

- Among the working generation, there are many patients/potential patients with life-style related diseases, which often progress to critical illnesses such as diabetes.
- Mental disorders caused by overworking or workplace stress are increasing in recent years.
- The government encourages “health and productivity management,” in which companies work to improve the health of employees and their families.

Physical disorder		Mental disorder
Risk of lifestyle-related diseases	Lifestyle-related diseases	
Number of recipients of specific health guidance* ²	Number of diabetics* ³	Number of patients with mood disorders* ³
Approx. 5.26 million	Approx. 3.29 million	Approx. 1.28 million
	Number of hypertensive patients* ³	
	Approx. 9.94 million	

1. Quality of life

2. Subjects are 40 – 74 years old. MHLW, "2021 Implementation of specified health checkups and specific health guidance"

3. MHLW, "2017 Patient survey"

Mission of Healthcare Business

We aim to contribute to improving QOL*¹ and increasing the number of healthy people in the work force by preventing and treating lifestyle-related diseases and mental disorders.

Health and Productivity Management Support Platform

- Provide digital health services*1 for companies and health insurance associations.
- The services are based on scientific evidences and provided by seasoned healthcare professionals (HCPs) including doctors, nurses, and dietitians.

1. Digital Health: Improving the effects of medical care and healthcare by utilizing the latest digital health technologies such as AI, ICT, IoT, wearable devices, and big data analysis.

Remote Health Guidance Service

- Provide specific health guidance service for HIAs*¹ aiming to prevent lifestyle-related diseases of employees and their families. The service is provided by registered dietitians and based on the results of verification projects conducted with MHLW.
- Remote service using smartphones enables frequent and continuous intervention.

1. Health insurance association
2. Recruiting Agent service

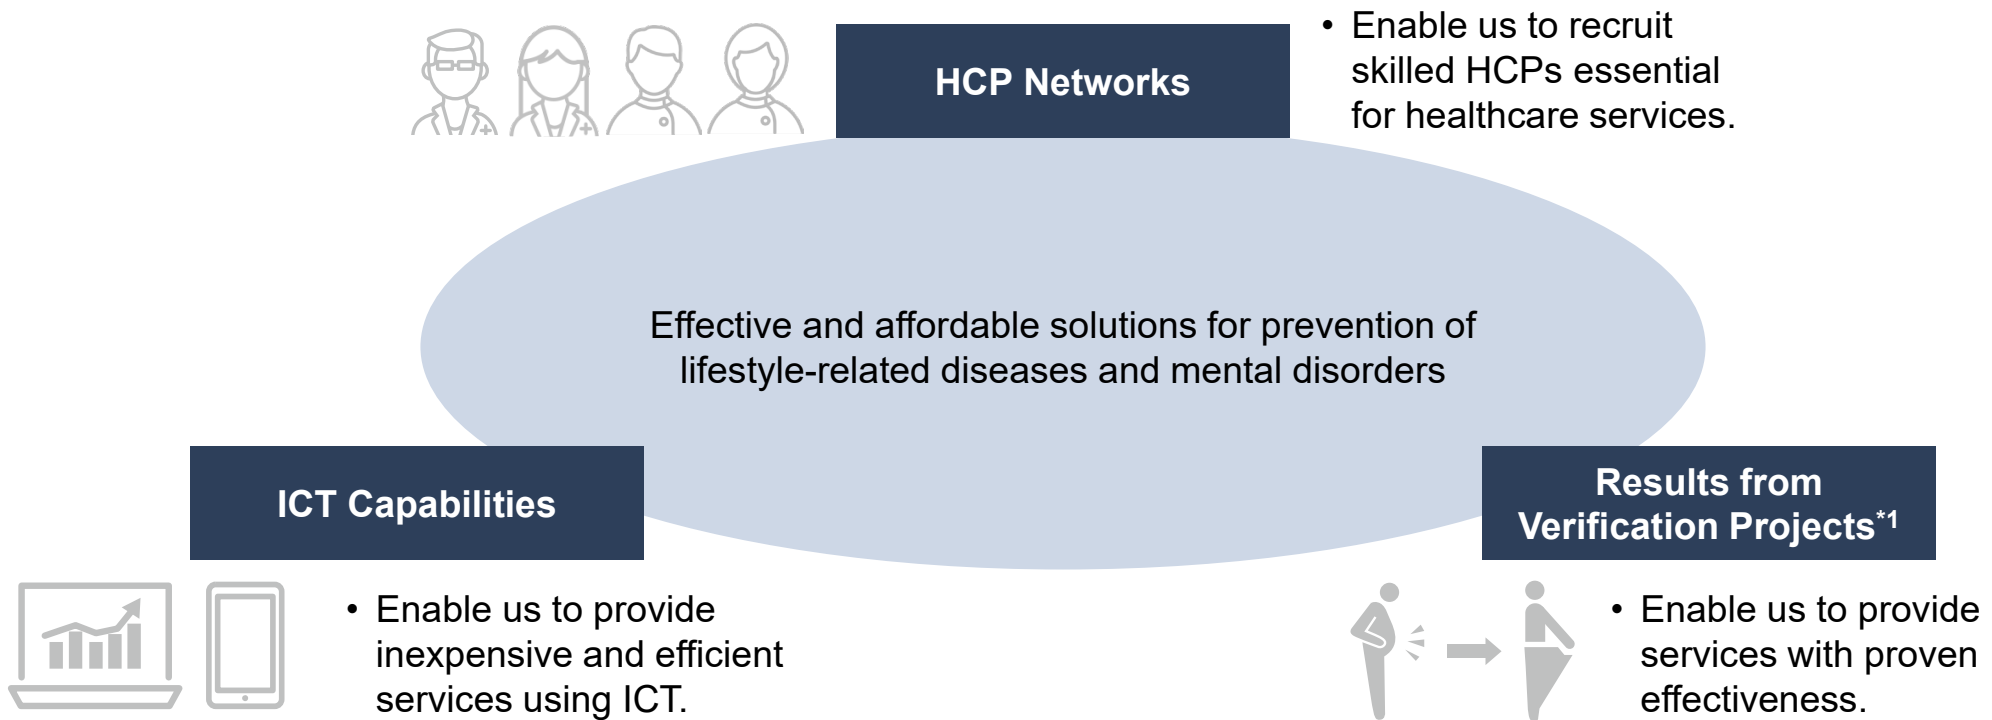

Remote Industrial Health Service

- Provide comprehensive support for industrial health operations in the human resources and labor departments of companies, including visits by industrial physicians, stress checks, and the establishment and operation of health committees.
- Reduce the workload of HR and realize effective mental care through the service provided by the two-person system of an industrial physician and an industrial nurse.

Our Strength

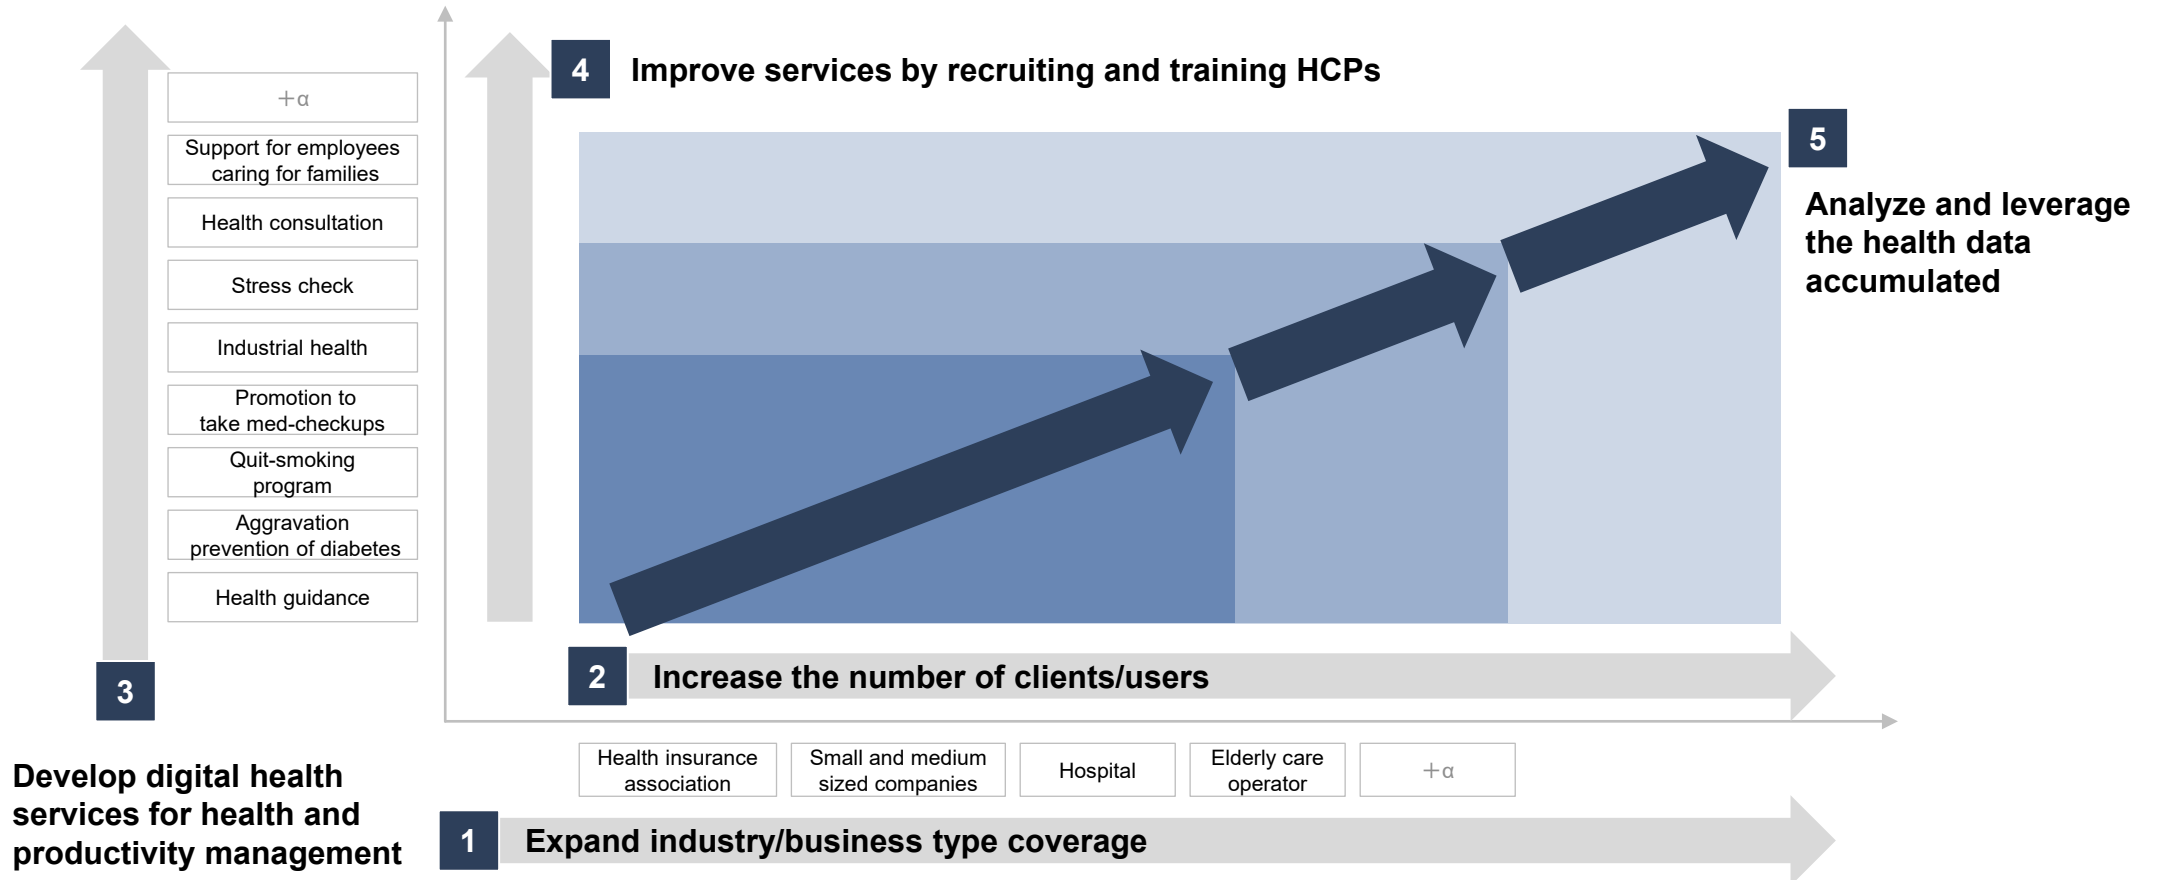

Leveraging our strengths in healthcare professional (HCP) networks, ICT capabilities, and proven results from verification projects conducted with ministries and national agencies, we offer effective solutions with a reasonable price for prevention of lifestyle-related diseases and mental disorders.

1. Joint project with MHLW, METI, and national hospitals

Strategy of Healthcare Business

Maximize the value as a health and productivity management support platform by No. 1 – 5 below.

New Business (Senior Life) Strategy

Issue 3: Difficulty in solving problems related to living in an aging society (Repost)

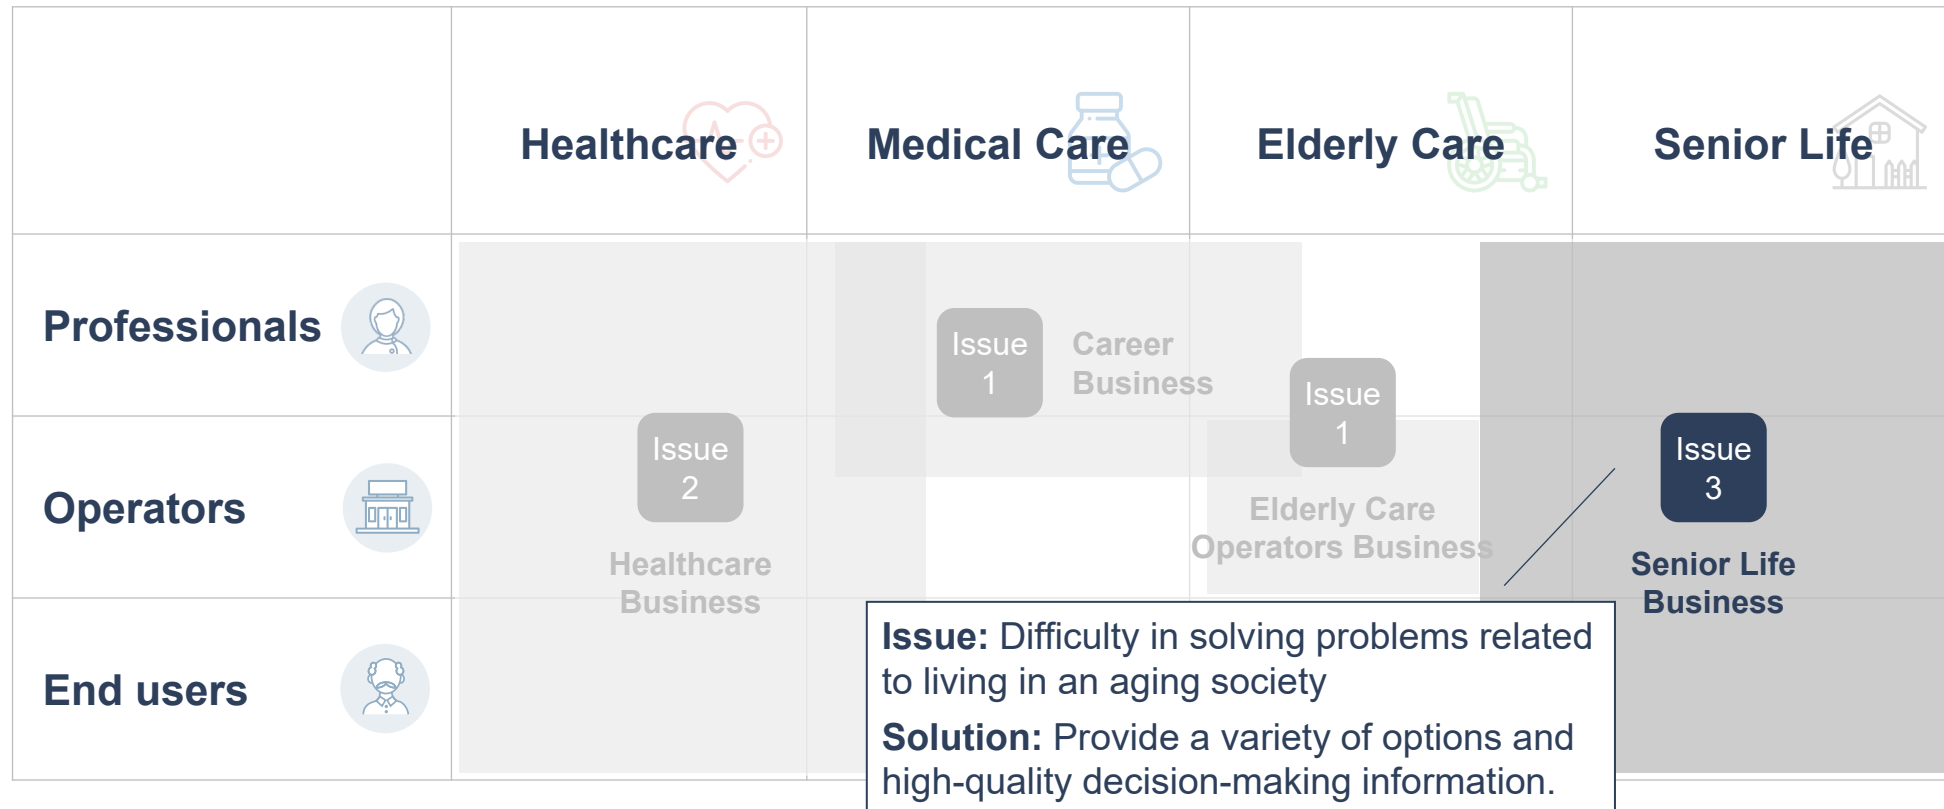

- While services required in society are changing and expanding with the population aging, information related to living in an aging society is insufficient in terms of quality and quantity, and the future labor shortage will result in an inability to adequately supply such services.
- The elderly and their families will have difficulties in solving life-related problems in an aging society.

1. MIC "Census", "Population estimates", National Institute of Population and Social Security Research "2023 Estimated future population of Japan"

Solution for Issue 3 in Senior Life Business

Contribute to solving the social issue “difficulty in solving problems related to living in an aging society” by developing a platform that connects people who have some worries or problems in their lives, with advisors and solution services.

Mission of Senior Life Business

**We aim to contribute to improving people's lives
by offering a wide range of options and
information related to living in an aging society.**

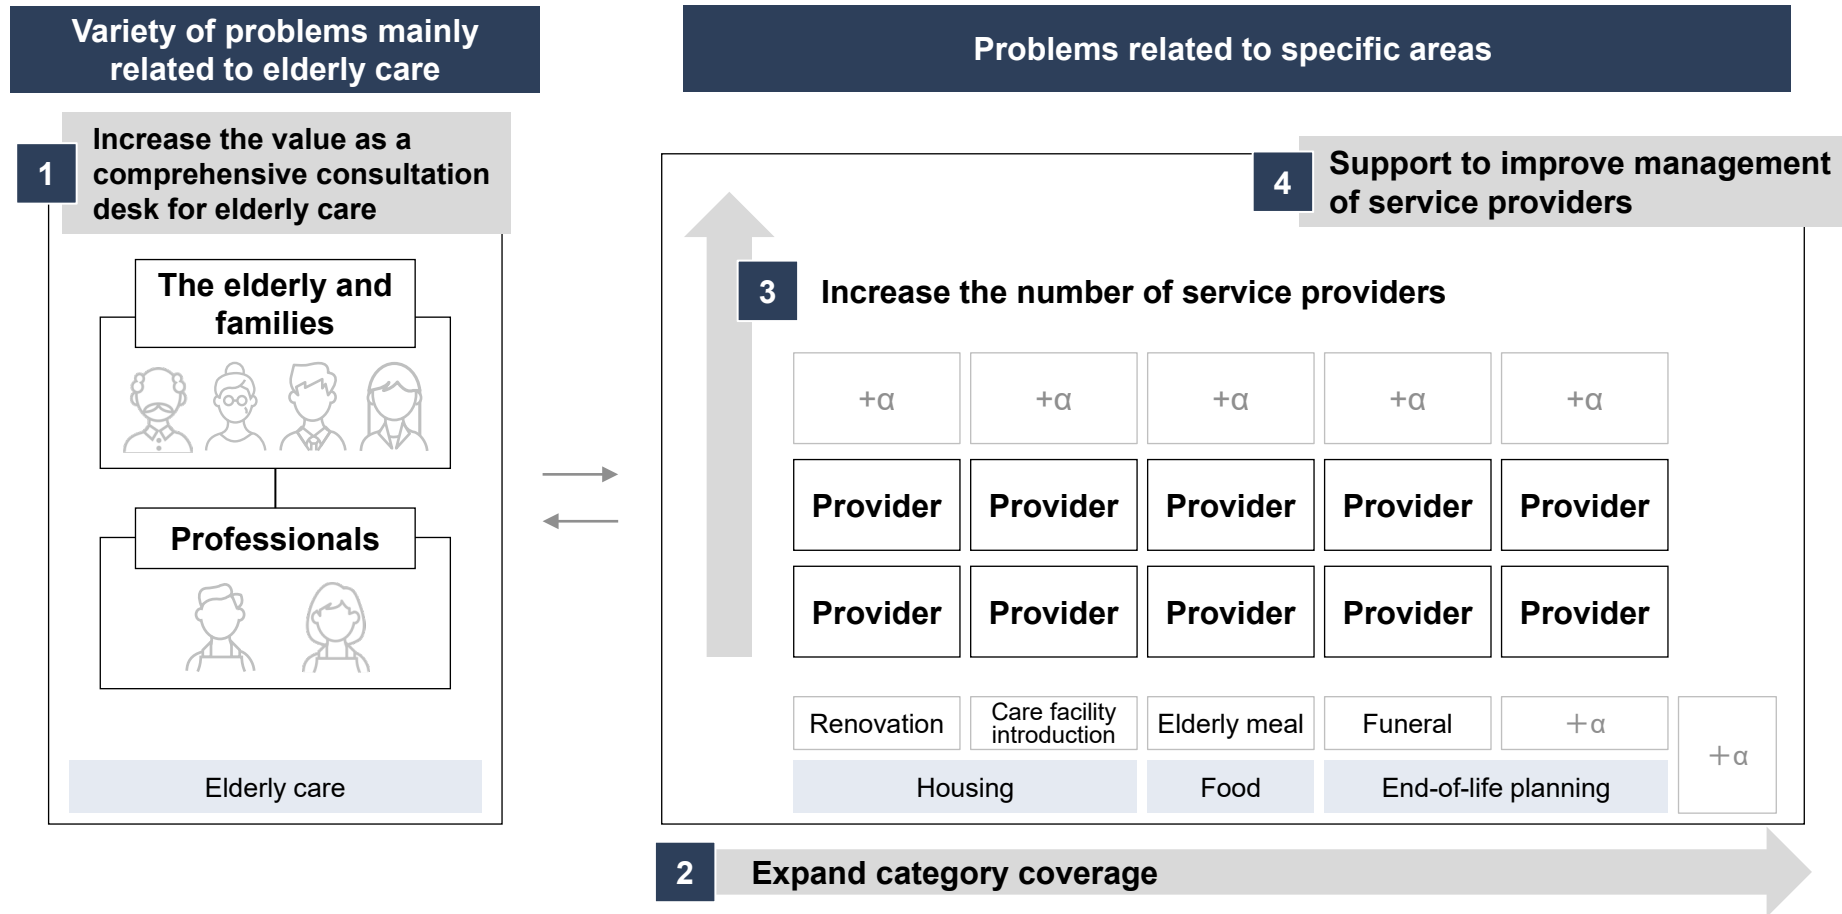

Problem-Solving Platform

- Help to solve a variety of problems, mainly related to elderly care, through communication among those who have similar problems and advice from professionals.
- Introduce service providers to solve problems related to specific categories such as housing, food, and end-of-life planning.

Strategy of Senior Life Business

Maximize the value as a problem-solving platform by No. 1 – 4 below.

Overseas Strategy

Overview of Overseas Segment

- Define two strategic business areas in the segment:
 - Medical Platform Business, operated mainly in MIMS group, which we acquired in 2015, and
 - Global Career Business, which supports recruitment of HCPs*1 around the world.

Overseas Business Structure

1. Healthcare professionals

2. Operators such as pharmaceutical companies, medical device manufacturers, healthcare service operators, and industrial group.

Medical Platform Business

Issue: Low Availability of Medicines and Medical Devices, and Inadequate Quality of Medical Care in APAC

- Health expenditure per economic scale in APAC is less than in developed countries.
- Medical-related companies face high entry barriers, as the medical systems, regulations, languages, cultures, and social customs are different by country.
- This results in the social issue of low availability of medicines/medical devices and inadequate quality of medical care.

Health Expenditure to GDP*1

1. WHO "Global Health Expenditure Database" (2020)

Mission of Medical Platform Business

We aim to contribute to realizing healthy and high-quality lives by improving the availability and safety of medical care in APAC.

Medical Platform

- Support the marketing activities of medical-related companies by using our membership base of healthcare professionals (HCPs) in APAC.
- Expand our membership base of HCPs and enhance their engagement by providing localized valuable information, thereby making marketing activities of medical-related companies more effective and efficient.

1. CME stands for continuing medical education.

Strategy of Medical Platform Business

Maximize the value as a medical platform by No. 1 – 5 below.

Global Career Business

Issue: Global Shortage and Uneven Distribution of Healthcare Professionals

- While the situation surrounding medical care services differs greatly among countries and regions, the demand for medical care is continuously increasing around the world due to economic growth and population aging.
- The shortage and uneven distribution of healthcare professionals has become an issue in many countries due to the increasing demand for medical care.

Health Expenditure*1
(in USD trillions)

Expected Shortage of Nurses*2
(in thousands)

	Japan	60 – 270	(2025)
	Germany	390	(2035)
	Australia	120	(2030)
	South Korea	160	(2030)
	Saudi Arabia	100	(2030)

1. WHO "Global Health Expenditure Database" (FX rates: 2020)

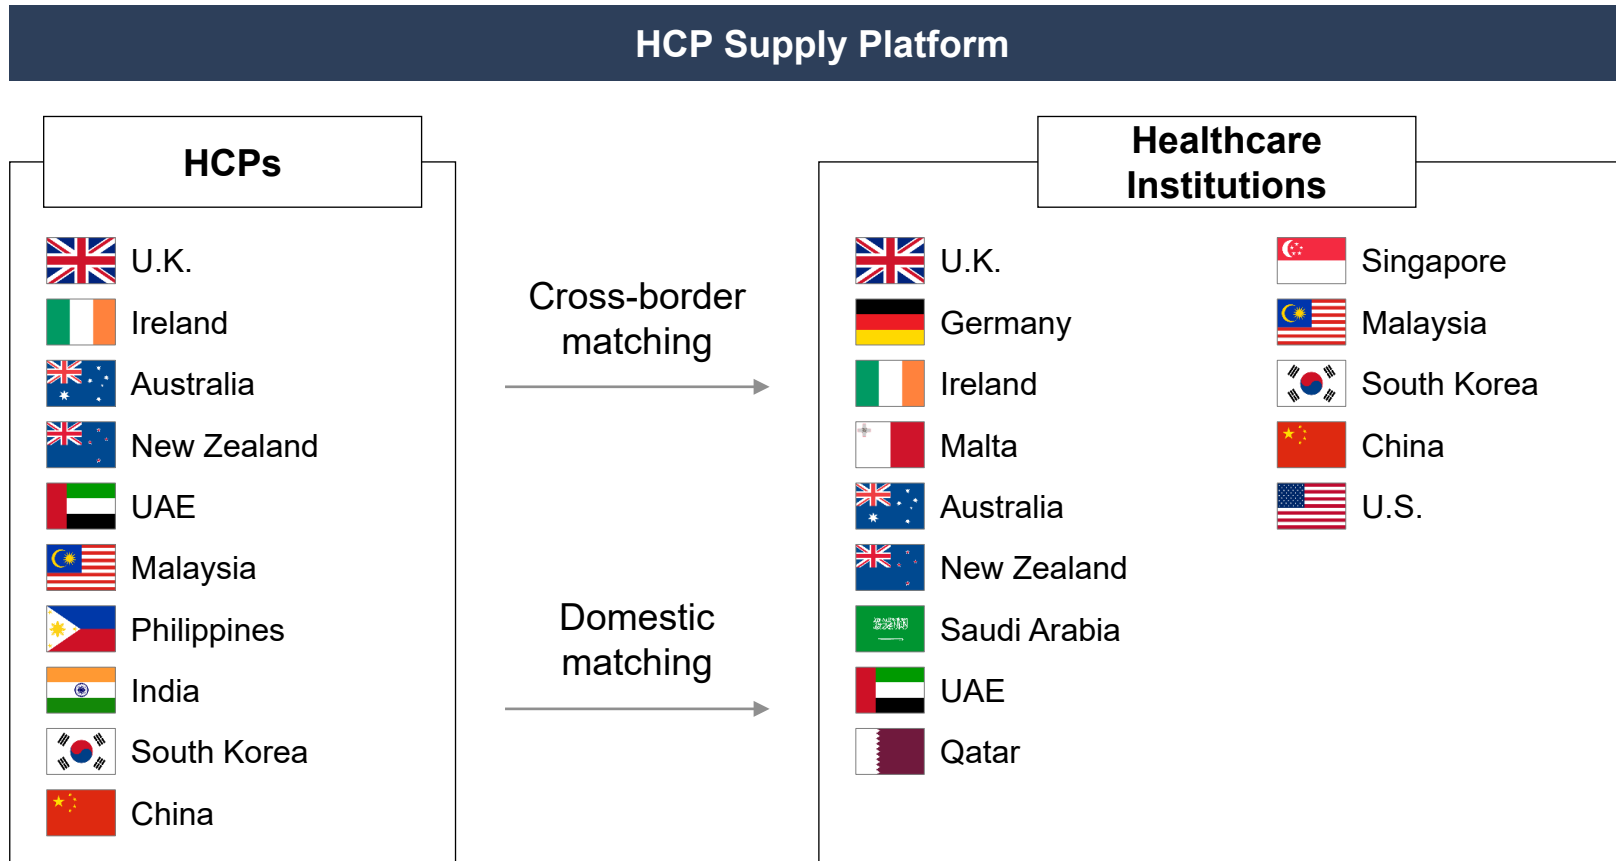

2. Japan: MHLW, "Subcommittee on supply and demand of nursing staff, study group on supply and demand of medical care workers", Germany: PwC "Fachkräftemangel im Gesundheitswesen: Wenn die Pflege selbst zum Pflegefall wird", Australia: Department of Health and Aged Care "Australia's Future Health Workforce – Nurses Overview Report", South Korea: Korea Institute for Health and Social Affairs "2017 mid- to long-term supply and demand outlook for major health and medical personnel", Saudi Arabia: Nourah Alsadaan, Linda K. Jones, Amanda Kimpton and Cliff DaCosta "Challenges Facing the Nursing Profession in Saudi Arabia: An Integrative Review"

Mission of Global Career Business

We aim to contribute to improving the quality of medical care around the world by solving the shortage and uneven distribution of healthcare professionals.

HCP*¹ Supply Platform

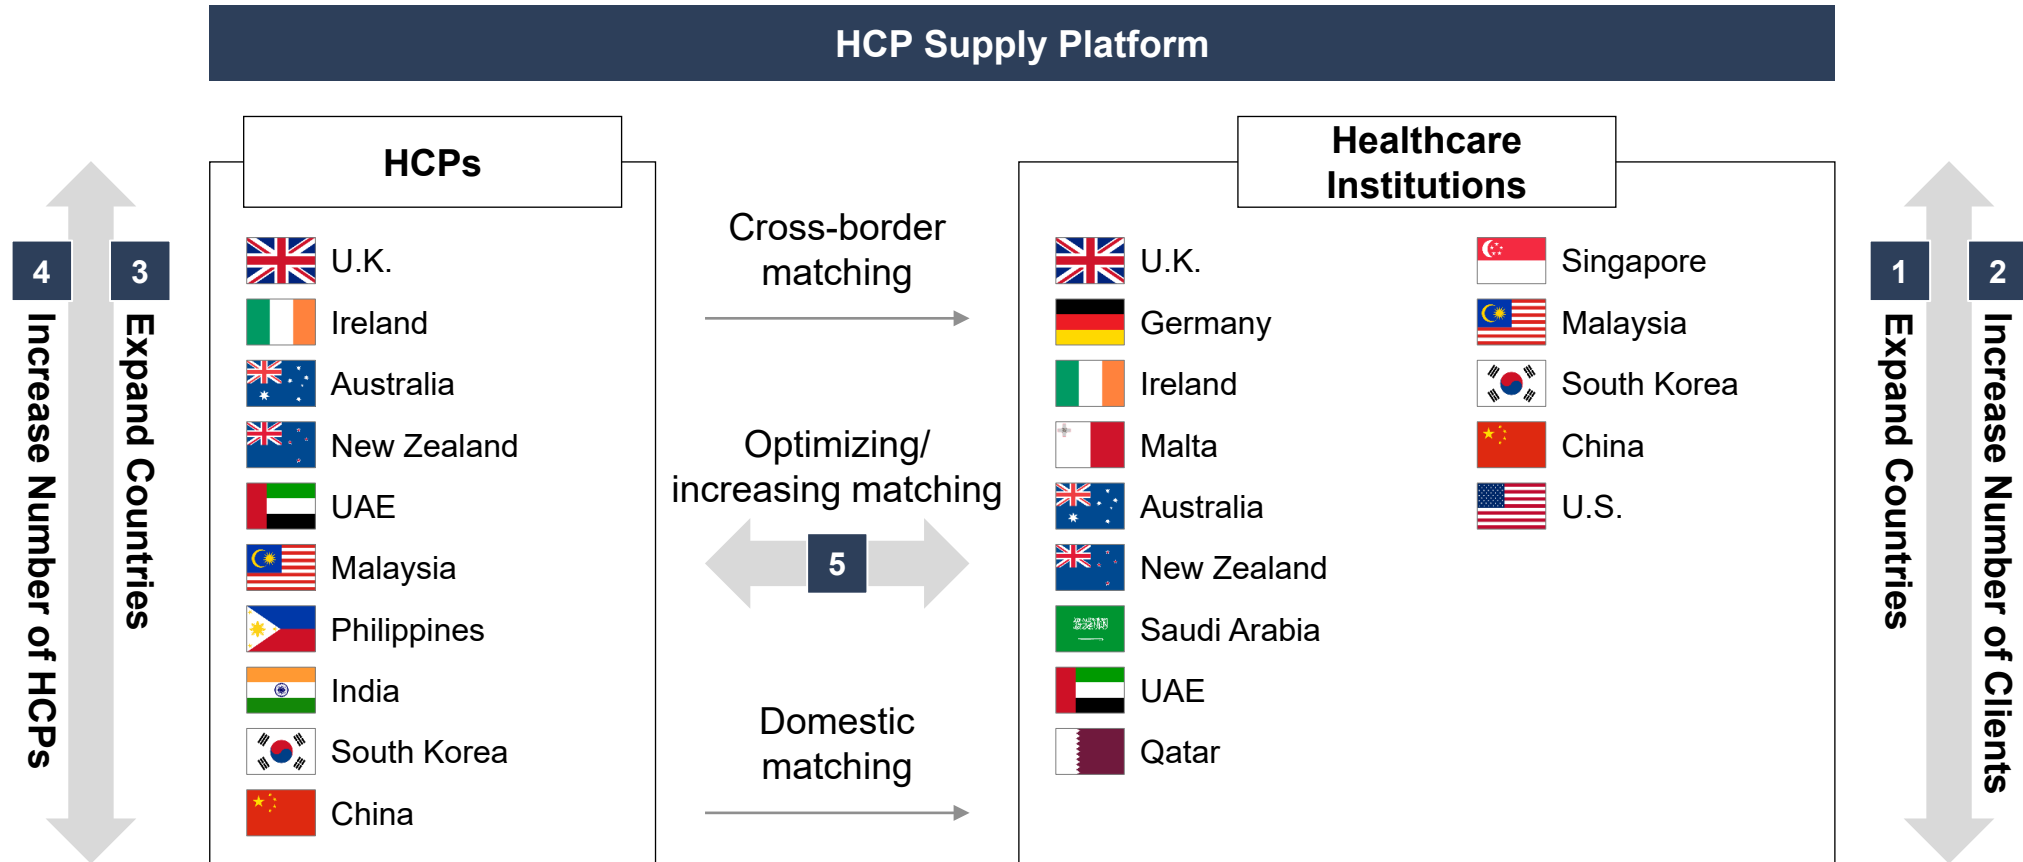

Promote optimal cross-border and domestic matching according to the supply of HCPs and the demand from healthcare institutions*².

1. Healthcare professionals
2. Hospitals, clinics etc.

Strategy of Global Career Business

Maximize the value as a HCP supply platform by No. 1 – 5 below.

Appendix

Business Model of Career Business

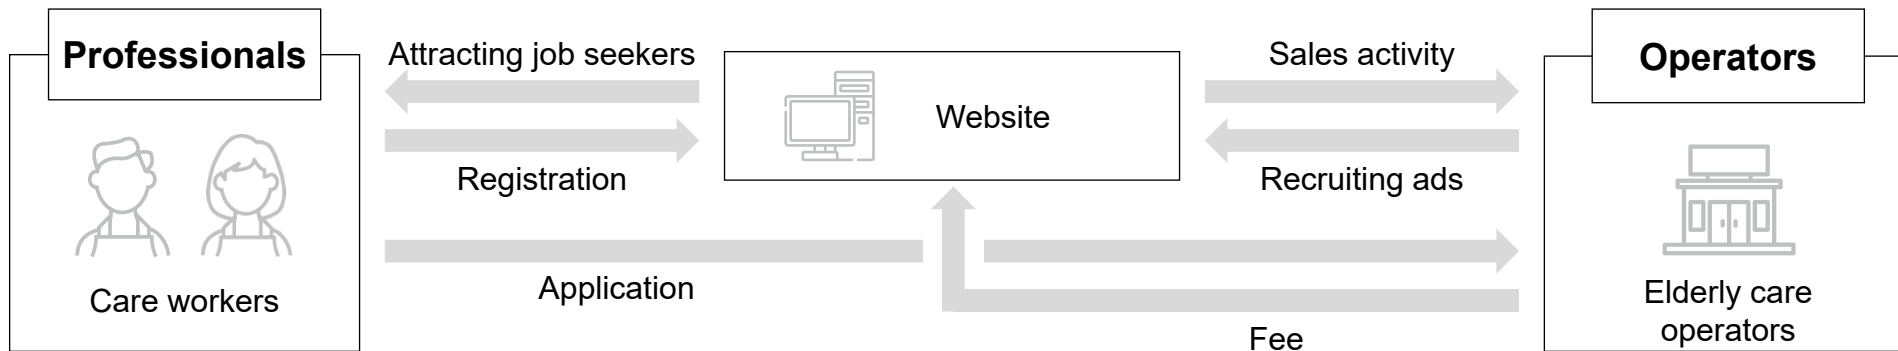

Business model of Recruiting Agent

Receive a certain percentage of an annual salary from a hiring business operator as a fee when an applicant joins it.

Business model of Recruiting Ads

Receive a fee for each application or each hiring via our Recruiting Ads website.

Kaipoke's Main Services

Subscription-based management support platform providing more than 40 services as a package*¹

Insurance Claim	<ul style="list-style-type: none"> Elderly care operators can claim for the reimbursement of insurance efficiently.
Recruitment	<ul style="list-style-type: none"> Provide SMS's industry-leading Recruiting Ads service "Kaigo Job" for free and a job ad creation agency service.
Sales Support	<ul style="list-style-type: none"> Offer a function to prepare sales leaflets and a list of care managers who are the sales targets of elderly care operators.
Operation Improvement	<ul style="list-style-type: none"> Provide one iPad for free to enable care workers to complete documentations at their customer sites.
Opening Support	<ul style="list-style-type: none"> Support procedures needed to open an elderly care business such as application for designation, financing, finding office properties and market research.
Finance	<ul style="list-style-type: none"> Provide factoring services to improve operators' cash flows.
Purchasing	<ul style="list-style-type: none"> Elderly care operators can procure various equipment and supplies, such as rental smartphones, in an easy and inexpensive way.
Business Succession	<ul style="list-style-type: none"> Supporting the succession of elderly care operators

1. Additional payments are required for the use of two or more iPads, factoring, etc.

MIMS Group Profile

MIMS group global coverage

MIMS group profile

Founded	1963
Business	<ul style="list-style-type: none"> • Medical Platform • Global Career
Global coverage	18 countries and regions, mainly in APAC
Number of memberships	3.17 million
Acquisition date	October 7, 2015

Business Model of Medical Marketing

Support marketing activities of medical-related companies*¹

1. Past stock splits are taken into account for the EPS, DPS and TSR calculations.
2. (Ending share price of the fiscal year + Total dividends paid over 5 years) / Ending share price 5 fiscal years ago

Number of Employees and Shareholder Composition

Number of Employees

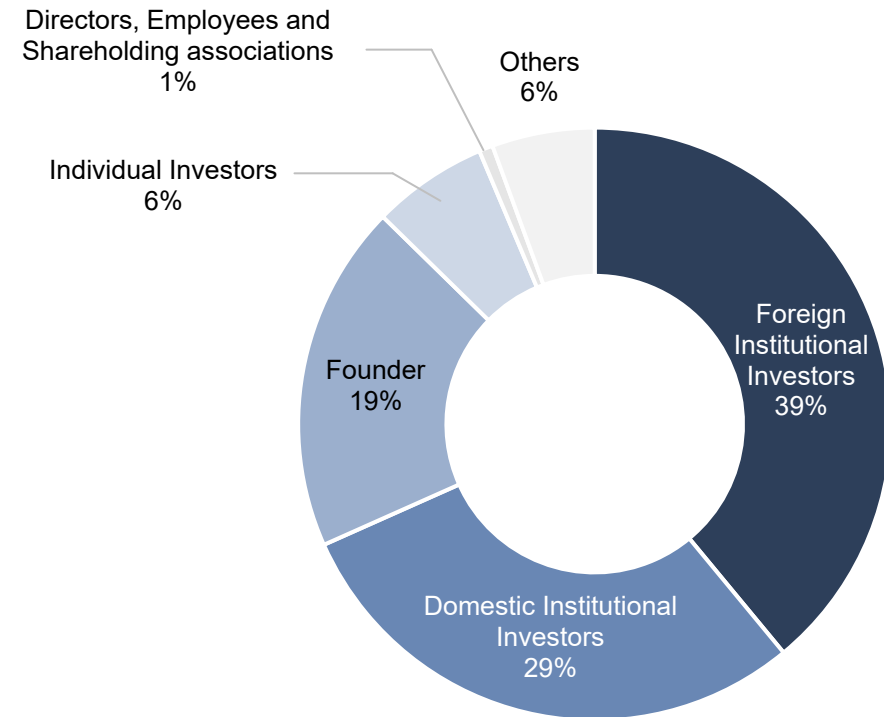

As of June 30, 2023:

Category	# of Employees
Consolidated	4,011
Japan	2,883
Overseas	1,128

Shareholder Composition*1

As of March 31, 2023:

Number of shareholders 7,317

1. Pie chart shows the ratio of number of stocks held by each category.

Cautionary Statement with Respect to Forward-Looking Statements

These materials contain forward-looking statements, including estimates, projections, and statements related to the business operations of SMS Co., Ltd. (hereinafter, “the Company”) based on current expectations and assumptions in light of the information available to the Company as of June 30, 2023. These forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties and other factors that may cause the Company’s actual results, performance, achievements or financial position to be materially different from any future results, performance, achievements or financial position expressed or implied by these forward-looking statements. These factors include, but are not limited to:

- changes in economic conditions, market demand, and the competitive environment affecting Japan, Asia and other markets in which the Company operates;
- reliance on digital and information technology, including with respect to the handling of elderly care, medical care and other client information and operation of the Company’s online community services;
- inability to effectively execute M&A/business alliance and overseas expansion strategies;
- changes in the laws, regulations and government policies in the markets in which the Company operates, particularly relating to employment placement, elderly care and medical care;
- any damage to the brand image;
- risk of infringing intellectual property rights;
- fluctuations in currency exchange rates, particularly with respect to the value of the Japanese yen, the US dollar, the Singapore dollar, the Hong Kong dollar and the Australian dollar; and
- risk of impairment losses, particularly with respect to goodwill, trademark right and customer-related assets recognized in connection of the acquisition of Medica Asia (Holdco) Limited in October 2015.

A discussion of these and other factors which may affect the Company’s actual results, performance, achievements or financial position is described in “Business Risks” contained in the Company’s corporate website^{*1}.

We do not intend, and disclaim any duty, to update or revise any forward-looking statements contained in these materials to reflect new information, future events or otherwise. We caution you not to place undue reliance on any forward-looking statements contained in these materials.
